Regarding Snug Harbor Marina's use permit process:

To obtain access to Agua Hedionda (Carlsbad Lagoon) from Snug Harbor, you will need to follow three steps **in the order that they appear**. There is a 21-foot boat size restriction on the lagoon. California Watersports retains the right to refuse launching to any parties they choose.

1) Obtain a copy of your liability insurance carrying a minimum of \$300,000 listed under the bodily injury/ property damage section. Snug Harbor Marina must also be listed as "Additional Insured" NOT interested party, lease holder, or any other form and must read as follows, "Additional Insured"

Snug Harbor Marina
Owners/Operators
4215 Harrison Street
Carlsbad, CA 92008

2) Bring in a copy of the above-mentioned insurance and then you will be able to buy a Snug Harbor Marina Permit. The sticker cost is \$25. You will also need to purchase an annual permit for \$1000 which is good for unlimited launches from sunrise to sunset every day of the calendar year.

3) Take our sticker to the Harding Community Center located at 3096 Harding Dr. Carlsbad 92008 where they will sell you a City of Carlsbad Lagoon Permit. Their telephone number is 760-602-4835.

7510
Once you have obtained our permit sticker and the city permit sticker you can put both stickers on the left side of your boat and you will be set for the year.

Thank You
